You are not allowed to rent or advertise this property until your license has been issued.

City ordinance requires that **before** renting out your home, you obtain a rental license. You must submit a completed rental license application and the required fees. Once all information has been verified, a housing inspector will contact you to schedule an initial inspection of the property. The purpose of the inspection is to identify code corrections necessary. Upon verification that the property meets minimum housing code requirements, the rental license will be issued. If the inspector identifies code violations during the inspection, a reinspection will be done to verify all corrections have been properly made.

There are two types of one family dwelling licenses available: **Single-tenant** and **Multi-tenant**. The fees and requirements are different for each. You must first decide based on the information below which type of license you are applying for:

Conversion Fees: Conversion fees are a one-time fee provided the rental license is maintained.

Single-tenant Fee: \$1,000

Multi-tenant Fee: \$3,500

Single-tenant: Allows a property owner to rent their home to one tenant plus their related family members and including their significant other. For example, two unrelated people that are in a romantic relationship, plus any children they may have together or separately would be considered as one tenant. This license type does not require any off-street parking. A single-tenant license is allowed anywhere in the City of Duluth.

Parking Spaces Required for Multi-tenant Licenses:

1 Bedroom – 2 spaces 4 Bedroom – 3 spaces

2 Bedroom – 2 spaces 5 Bedroom – 4 spaces

3 Bedroom – 2 spaces 6 Bedroom – 5 spaces

Multi-tenant: As of July 26, 2012 city ordinance allows a property owner to license up to a 4 bedroom home **provided** there is adequate off-street parking. You are required to provide a **minimum** of 2 parking spaces for up to a 3 bedroom home. If you have more than 3 bedrooms, you will need one additional parking space for each additional bedroom. Each parking space needs to be a minimum of 9' wide x 17' long. An inspector will verify this **before** your application is approved for scheduling. Ordinance exception allows for up to 6 bedrooms provided the property has 3,000 square feet or more on record with the Assessor's Office as of June 9, 2012.
